DEDICATION

Mrs. Nellie J. Lees came to our college in 1948 as Dean of Women.

Her friendliness, patience, and her continual willingness to help with individual problems is known to all the students she has counseled.

Mrs. Lees retired in 1961 and is living in Ellendale. We fondly dedicate this yearbook to her in appreciation for the friendship and counseling she has given for more than a decade.

A really great college is composed not only of brick and mortar, but also, more significantly, of a fine student body, an outstanding faculty, and an educational program designed to assist young men and women in reaching personal, professional, and intellectual standards they set for themselves. It has been evident through the years that Ellendale State Teachers College has enabled the faculty and the students to make this achievement possible.

Through the recognition of these and other desirable characteristics, the College has contributed significantly to the general improvement of the State of North Dakota. More specifically, it has assisted young men and women to reach the individual goals important to a democratic society. The College is proud to have an opportunity to participate in the progress made by North Dakota since the latter part of the 19th Century.

A special word to the 1961 student body--I am taking this opportunity to express the appreciation of the College for the fine achievements of this student body and to wish each of you continued success in your preparation for professional and personal endeavors.

Arthur H. Dugan

FACULTY

INDUSTRIAL ARTS

The Industrial Arts Department of Este offers a complete education for those students who are preparing to teach in Junior or Senior High Schools. It also provides an excellent background for employment in industry or agriculture mechanics. ESTC is the only college in the Dakotas equipped and authorized to offer the Bachelor of Science in Industrial Arts.

MILO N. SULENTIC
Head of Department of Industrial Arts

JOHN H. WILKE
Instructor in Industrial Arts

EDUCATION

The Elementary Education Curriculum, leading to the Bachelor of Science Degree in Education with elementary specialization, aims to prepare the student professionally for service to the community in the public elementary schools of the nation.

Specifically, the Elementary Education Curriculum is designed to meet these objectives:

- (1) To encourage students with desirable and effective citizenship and personality qualifications suitable for work with children, to enter the teaching profession.
- (2) To provide a background of general education in all academic disciplines for effective participation in American citizenship.
- (3) To develop an understanding and appreciation of the role of the public school and the teacher in a democratic society.
- (4) To help the prospective teacher understand the characteristics of the child and the nature of educational growth.
- (5) To develop skills in professional teaching techniques and attain a knowledge of effective teaching.
- (6) To develop an abiding interest in professional growth and in the teaching profession.

MERTON ANDRESON
Professor of Education

MARGARET KABRUD
Assistant Professor of
Elementary Education

DR. MELVIN OPEM
Director of Student Personnel

DR. HARVEY RETZLAFF
Psychology

The Education Department helps prepare the student for teaching. It teaches students how to cope with the problems that will be encountered while teaching in primary and secondary schools.

The Education Department and the Elementary Education Department work hand-in-hand to help the student find a place of employment. In the Placement Bureau, Dr. Opeim receives openings from schools in the Tri-state area of North Dakota, South Dakota, and Minnesota. The graduates of two year and four year courses, who have enrolled with the Placement Bureau, are greatly aided in getting a position in the teaching field.

LANGUAGE AND LITERATURE

ROBERT T. SCHONBERGER
Dean of Instruction

DOCK ADAMS
English & Dramatics

GEORGE MAHONEY
Assistant Professor of Language and
Literature

The department of Language and Literature offers majors and minors in English and courses in Modern Foreign Languages and Library Science. Its purposes are to cultivate accuracy and grace in the use of language, to instill an interest in literature, to stimulate clear thinking, and to provide knowledge of cultural growth. The department promotes such activities as dramatics and publications.

The department is also responsible for the communications and humanities subjects in the general education program.

JEANNE D. KRESS
Modern Languages

THOMAS A. HUNT
Assistant Professor of Library
Science and Librarian

The Fred J. Graham Library houses over 30,000 cataloged items in addition to approximately 40,000 magazines and pamphlets.

Additions to the library during 1960-1961 included over 1700 books. Addition to the collection during the first semester of the present year totaled over 600.

The library is the center of the school. If you want peace and quiet to study in, you should go to the library. Students are encouraged to read and to make the library a more central place both physically and educationally.

MATHEMATICS AND SCIENCE

ERNEST L. WOODWARD
Head of the Department of Mathematics
and Science

TADEUSZ WOLICZKO
Assistant Professor of Science

The mathematics and science department helps people to better understand numbers and provides training in the scientific method of study. It offers an essential background for pre-professional work. Also students find help to educate those who they plan to teach.

Mathematics and science are becoming increasingly more important in our everyday life and today everyone needs some knowledge of these two subjects.

SOCIAL SCIENCE

ROBERT A. KRESS
Head of Department of
Social Science

DAVIS J. LAW
Instructor of
Social Science

The Department of Social Science includes History, Geography, Political Science, and Sociology. Courses in Social Science introduces the student to sources of material, methods of inquiry, criticism of economics, and historical, geographic and sociological materials. This department prepares students who are planning to teach social studies and offers preparatory courses for advanced professional or vocational studies. An additional aim of the department is to stimulate each student's interest and curiosity in Social Science and provide a general education.

MUSIC AND ART

C. WESLEY CHRISTIAN
Music and Voice

Music courses are given to entering students of the college to cultivate an understanding and appreciation of the vesthetics, and for those who advance in music, courses are offered to develop skill of performance and skill in teaching, and to factor sounder musicianship.

The courses in Art have a three-fold purpose for the student: To develop in all students an awareness of art expression, its many forms and identity with life; to offer opportunities to students who desire to develop their creative abilities; to provide specialized education to those students interested in teaching art.

BUSINESS

WAYNE F. HILL
Head of the Department of Business
Education

IONE MASON
Instructor in Business

Business courses are set up to provide an intelligent relationship between business and social problems, to prepare students for occupations with specialized training, and to establish a background for those who plan to teach business subjects. The Business Education Department helps you to prepare yourself to teach business, prepares you for secretarial or accounting work, and develops in you a general knowledge of business.

PHYSICAL EDUCATION

ORLO A. SUNDRE
Instructor in Physical Education

MYRON E. ANDERSON
Head of the Department of Health and Physical
Education

ISABEL S. VICK
Women's Physical Education

Health and physical education are an important aspect of a complete college education.

All students are required to participate in some form of physical education during their college careers. The physical education department has worked hard to present a varied and interesting selection of P.E. courses for these students.

It is also possible for students, men and women, to receive a major in physical education. This isn't true of the past.

DEAN OF WOMEN

The Dean of Women, Mrs. Myrtle Young, is the co-ordinator for campus activities and the resident advisor of Dakota Hall. Students are encouraged to discuss their problems with her. With individual counseling, Dean Young helps students adjust to college life.

The other duties of the Dean include the supervising of the dining hall, advising the House Council, and chaperoning at college parties.

Dean Young is responsible for the welfare and conduct of the women students. She is very competent in the completion of her duties, and we at ESTC are very proud to have Dean Young as an advisor.

NEWMAN CLUB

The Newman Club is a campus Catholic Student Group. This organization is devoted to improving the cultural and religious attitudes of its members. It also endeavors to promote better fellowship and Christianity among college students. The E.S.T.C. Newman Club sponsors get-togethers and other social functions. They meet regularly every Wednesday evening.

The National Lutheran Students Association of America is an organization found on College campuses throughout the United States. Its work is to promote the spiritual and social well-being of its members and also to discuss religious topics. The Ellendale State Teachers College L.S.A. meets with the local ministers.

CARNEGIE MASQUERS

The college dramatics club is at present an organization of thirty-five members. Working in conjunction with the play production class, the club produces one-act and three-act plays throughout the year.

The primary purpose of the club is to provide its members with as much experience as possible with all the aspects of drama: acting, make-up, lighting, staging, costuming, properties, and directing.

The Student Educational Association is a state professional organization composed of all interested students in the education curriculum--both elementary and secondary. Its purposes are to raise the standards of the teaching profession, to bring more and better qualified people into teaching, to promote good teaching practices, and to give future teachers an opportunity to get together and exchange ideas.

Meetings throughout the year are planned by the members. This enables the organization to have a wide variety of meetings. The meetings are held the third Monday of each month.

Officers for this year are Carlton Moen, President; Ruth Cooper, Vice President; and Shirley Officer, Secretary-Treasurer. Mrs. Margaret Kabrud, of the Elementary Education Department, advises the group.

INDUSTRIAL ARTS CLUB

The parent organization of this club was founded in 1913 as the Mechanic Arts Society. It was re-organized in 1939 as the Industrial Arts Club. The group pledges itself to the promotion of social life, scholarship, leadership, and the aims and objectives of industrial education. Each year the club organizes the industrial arts fair which is sponsored by the Ford Foundation.

The girls' dorm council consists of the House President, the Vice-President, the Secretary-Treasurer and two floor representatives.

With the exception of the floor representatives, the council is elected by the dorm girls. They have various duties, some of which are; handling disciplinary problems, taking over in the dean's absence, and promoting social life within the dormitory.

STUDENT COUNCIL

The main function of the Student Council is to represent the student body. One of the council members represents the Industrial Arts Department; another represents the Elementary Education Department; another the Secondary Education Department; and two members are elected at large from the student body.

The purposes of the Student Council are: to promote and foster a spirit of co-operation between the faculty and the student body; and to promote student participation in the management of student activities and in the governing of affairs pertinent to the interests and general welfare of the College.

The Council's activities include conducting the orientation activities for Freshmen, sponsoring the Spring Formal, selecting eligible candidates for "Who's Who in American Colleges and Universities," and managing the Student Union.

EL-O-QUENT STAFF

The purpose of the EL-O-QUENT has been to inform students and faculty as to college events, organizations, sports, activities, and such other information as the staff believed would interest the students.

One of the considered values of the EL-O-QUENT was to serve as an aid in recruiting new and more students.

The EL-O-QUENT means to express oneself with moving force and fluency, to reveal. Any paper must express or reveal something and the hope is that this paper has done so satisfactorily to the student body this past year.

May the EL-O-QUENT forever be the voice of the students of Ellendale's State Teachers College. May it speak fluently and with force whenever there is a need.

May the college paper, published by the student body, forever be the voice of the students attending ESTC, and may it improve and grow with the years ahead.

INTRAMURAL BASKETBALL

Intramural sports are a part of the social life of the college student. It gives the student on campus a chance to participate in an active sport. During the winter months they had an intramural program playing basketball games once a week. There were six teams in the league with each team being composed of about eight players. Each team faced each other once during the season and a tournament was held at the end of regular play. The Hornets captained by Darwin Golz emerged as champions of the tournaments.

LETTERMAN'S CLUB

The club was organized in 1937 to build a bigger and better athletic program at the college and to illustrate how sports of all types play an important part in the physical and mental development of our college youth.

There were twenty-eight winners of athletic letters this year.

The policy of awarding pins to all first-year lettermen who join the club was instituted this year. The club awarded jackets to ten members who have earned two letters in one sport, and to two members who earned three letters in one sport. The choice of a blanket or a jacket is awarded to members who earn four letters in one sport. Only two members were effected by the latter clause.

Officers for the past year were Tom Jund, president and Douglas Bell, secretary-treasurer. Faculty advisor is Mr. Myron Anderson.
